NESTudios Mission:

NESTudios is place for members to showcase and gain recognition for all of media projects they create as members. They create a variety of projects: short film, photography, graphics, and podcasts. It is important for the community to know who are the creators.

Upcoming Projects: *Loteria Oscura Summer 2019*

Maria and her children were murdered crossing the US border but through the magic of Mexican loteria cards she was resurrected as La Llorana. Her transformation has given her the mythic power of a death bringer and terrible choice: walk the path of revenge and set her children's spirits free or help her people but condemn her children to eternal limbo.

#NESTfolio:

#NESTfolio helps our members gain professional and personal recognition for their projects and lead to professional opportunities or career in that media field. They create amazing projects so it's important for them to share their creations to the community. One way you can help is by sharing and searching #NESTfolio and all the members profiles on social media.

Slogan: We aren't looking for experience, we are looking for creativity!

Donate:

Title: Bring opportunities to more young people

Every donation to NESTudios goes to the Digital NEST that connects more young people with opportunity, empowerment, and community that will propel them to career and life success.

Digital NEST steers young people toward opportunity, empowers them through training to fulfill their potential, and directs them toward a healthy, hopeful, and successful future. At Digital NEST, we believe talented youth and young adults should be given the opportunity to succeed regardless of their financial circumstances.

Support NESTudios by supporting the Digital NEST!

Slogan: Help us build brighter futures for our youth.
